

1. Using the page you have ripped out write down 10 words that catch your eye. Use 7 of words in a poem. For an extra challenge, have 4 of them appear at the end of a line.
2. Use your page to create a poem by blocking out specific words to make a poem. Consider adding decorative art work.

REMEMBER: Poems should be composed thoughtfully. There should be attention to rhyme, meter, theme and poetic devices (sound devices and figurative language).

Staple pages that have been ripped and hand in for marking.
